Dear Sir or Madam:

I am writing this letter to express my satisfaction with both our results from performing an audit of our cellular devices and carriers, and our selection of OpDecision as the consultant we used for this project. The OpDecision team performed an expeditious and thorough review of all of our cellular devices and service providers and developed a comprehensive plan for us to implement substantial cost savings through a combination of service providers and a membership with the National Services Association. The savings estimate he provided was accurate, and the support we received through and after the transition was both prompt and courteous. Our company has reduced monthly recurring charges significantly. I would highly recommend OpDecision as a partner if you are considering controlling cellular costs, and will use them again myself in the future. We are looking forward to our continued partnership with OpDecision.

Sincerely,

Andrew Wilhelm
