Drew Polin drew@OpDecision.com

Drew,

Thanks so much for helping us save so much on our cell phone bills. The cell phone bill has been one of our largest monthly payables. We are very happy to have changed that. It is hard to believe that we are able to cut our bill practically in half monthly. As many times as I asked Verizon to help, they never gave me the solution you gave.

Of course, you continue to help us save by reviewing our usage and making suggestions each month. We appreciate you keeping us on track.

We look forward to the continued suggestions and savings.
